

Outputs of the project “Telecom Customer Churn Prediction”

The screenshot shows a web browser window titled "Telecom Customer Churn Prediction" with the address bar displaying "localhost:5000/assessment?". The page has a red background and a white central content area. The title "PREDICTION FORM" is prominently displayed. Below the title, there is a form with two columns of dropdown menus. The first column contains the following options: "female", "No", "3", "Yes", "Yes", "Yes", and "No". The second column contains the following options: "No", "No", "Yes", "Fibre Optics", "No", "No", and "Yes". The browser's taskbar on the left shows the time as 22:37 on Tuesday, 31-05-2022.

| Feature 1 | Feature 2 |
|-----------|--------------|
| female | No |
| No | No |
| 3 | Yes |
| Yes | Fibre Optics |
| Yes | No |
| Yes | No |
| No | Yes |
